## The Preserve Pool 2019

We are very excited for the snow to melt and the pool to open! Kelly Lindquist has agreed to return for his third season as our Pool Manager, Emma Gulden (in her fourth season) has accepted the position of Assistant Manager and several of our wonderful staff from last year will also be back to ensure your pool time is safe and fun!

Along with the Swimming and Diving Lessons and Aqua Jogging that we have offered in the past, we are adding a couple of new activities this season. There will be an evening session for Swimming Lessons for levels 2-6 and also an adult classification has been added. These will run concurrently with the other sessions and be held from 6:30 to 7:15pm. We are looking into Beach Yoga, Water Zumba as well as an early morning lap swim time. Give us a call to find out more information.

We have added additional chaise lounges as well as some lower beach chairs. The diving boards will be replaced along with the ropes and floats for the lap lanes and we have additional floatation belts and barbells for exercising.

The biggest news from the pool is that we are changing to a bar code reader system of tracking pool use and attendance. This will be different from the tags that have been used over the past 35 years. We will give you all the details when you stop by the barn to pick up your cards and you may do that beginning May 1<sup>st</sup>.

## Preserve Garage Sale

We are happy to announce we are having the garage sale again this year. The format will be the same as last year along with no fee. We will be doing the maps with your address noted. We will post directional signs around the neighborhoods but you need to provide your own yard sign. Advertising will be on our website and Facebook.

## Move in Rhythm

*Learn partner dance + more*

*April 15: Flow into Foxtrot*

Learn partner dance that connects you to your natural rhythm and inspires more joy. Engage this new way to play and increase the vitality in your life and relationships.

In this class you will learn to:

- connect your head, heart, hands and hips using five mindful movements
  - align with nature's elemental energy for natural rhythm
  - apply to your partner dance for an authentic engagement
- . . . and dance into your best life!

Each month we will focus on a different dance style. Stanford's 20-year research shows partner dance improves brain function by 76%.

As a professional ballroom dance instructor, Julie Delene has experienced the many jewels of partner dance. As you practice moving as one, you relax into your natural rhythm and experience the art of connection.

This class is fun and heart opening. All are welcome.
