### POOL SEASON 2020

There was much thought put into this year's pool season and we have decided to open the sand bottom pool for the 2020 season. The pool will open daily starting Saturday, June 13th at 10:00 am.

In 2019 the pool cards became permanent and will be used from year to year. If you have not yet received your card, they are available for pick up at the Preserve Center. If you cannot locate your card and require a new card, they can be replaced for \$15.00. All association members must have a card to gain admission to the pool and the tennis courts.

At this time The Preserve:

- Will not be selling any season passes to anyone outside of The Preserve.
- Guests accompanying Preserve members will pay a fee of \$3 per child under age 18 and \$5 for adults.
- We will not be holding swimming lessons.

COVID19 rules:

- Do not use beach if you are sick or have been exposed to someone who is sick.
- Physical distancing measures are enforced on the beach and in the water. Stay 6 feet away from individuals who don't live with you.
- Maximum number of participants is determined by head lifeguard; be prepared to wait to enter beach.
- Please be respectful of head lifeguard and staff decisions. You will be asked to leave if you are warned more than once for not following the Minnesota Department of Health's physical distancing guidelines.
- *Even though the CDC has stated that the virus cannot spread through water, we are going to take extra precautions while in the water and will not be opening the diving well at this time.*
- Will not be opening the restrooms or locker rooms an additional porta potty will be brought in and there is an outdoor shower to use.

<b>Pool hours:</b>	<b>Monday- Friday</b>	<b>12 noon to 8 p.m.</b>
	<b>Saturday</b>	<b>10 a.m. to 8 p.m.</b>
	<b>Sunday</b>	<b>11 a.m. to 7 p.m.</b>

## **Goats in The Preserve!**

We have partnered with Senjem Farms Goat Pros, LLC and they will be providing goats to eat buckthorn at several locations in The Preserve. The goats will be confined by an electrical fence and depending on the size of the area will be there for a week or two during the month of June. The City of Eden Prairie has approved this on a trial basis, the goats will likely be back over the next 2-3 years to fully eradicate the buckthorn and other invasive plants. It is our hope that we can successfully eradicate the buckthorn in this manner without using chemicals to poison the plants.
